N. A. MILLER'S

Supplementary Dahlia List for 1940

Choice Foreign Varieties of Special Merit

IDEAL STEMS — BEAUTIFUL COLORS — FREE-FLOWERING

Although all these Foreign Introductions have good upright stems, the Cactus and Semi-cactus are extra fine in this respect. They are unexcelled, almost without exception, for cut flowers, and all artistic floral decorations.

The supply of roots of some of these varieties is limited, so please order as early as possible.

NO SMALL SIZE ROOTS TO OFFER ON THIS SUPPLEMENTARY LIST

Cactus and Semi-Cactus

BAERNE—(S.C.) Very lovely deep coral rose. Good sized blooms on fine stems. Winner of Silver Challenge Cup of Dutch Dahlia Society the year it was introduced. .50

BALLEGO'S SURPRISE—(SC) A pure white from Holland of unusual beauty. It will surprise you with its purity, size and artistic formation. Blooms freely and erect on long, clean stems and keeps well when cut, 5 ft. \$1.00
BALLEGO'S SURPRISE has received Highest Award in Holland, France, Belgium and England. It's O.K.

CONSUL GENERAAL QUIST—(S.C.) Lovely shell pink with darker center. Attractive formation and ideal habit of growth. One of the finest Holland varieties. **Plants, 1.50**

ENKARTS PRIMA—(S.C.) A really beautiful salmon shade with golden yellow center. Strong erect stems. Belgian Challenge Cup winner the year of introduction. 2.50

ETOIL DE NAGELS—(Cac.) Bright crimson scarlet of good size and very erect on long wiry stems. Narrow petals; free flowering. 1.00

INSPIRATION—(SC) A brilliant lemon yellow of large size, held on strong stems. Distinct and attractive in formation; petals are straight and roll forward (not backward, like other cactus) to a sharp point at tips. A Hollander that will 'inspire' you, 4 ft. .50

JOGER—(Cac.) Very distinct and attractive coral red. Handsomely formed flowers are held erect on long, wiry stems. .50 Net

LEIDEN'S ELEGANCE—(Cac.) A deep vermillion red shade of handsome formation. A profuse bloomer with long, wiry, erect stems for cutting—and they keep, too. 4ft. .75

MAD. FLOR. BRAEM—(Cac.) Beautiful salmon rose, shading to gold in the center. Is much like 'Andreas Hofer' in shape and habit of growth, but is larger, 3 feet. .50

MASCOTTE—(Cac.) Winner of Challenge Cup for best Dutch novelty, 1937. Color is carmine rose with yellow at the center. Good size and excellent stems. Keeps well when cut. Highly recommended. **Plants only, 1.00**

MEVROUW VAN IERSEL—(S.C.) Gracefully formed flowers are of purest white, carried on long, wiry stems. .50

M. PIERRE LUNDEN—(Cac.) Most beautiful silvery rose color with clear lilac shading. No dahlia is more beautiful for floral work. Extra free flowering and erect on wiry stems. A medium sized Belgium novelty. 1.00

NAGLES BYOU—(Cac.) Beautiful salmon pink with flesh colored sheen. Medium sized blooms and excellent for cutting. Very free. .50

PETUNIA—(Cac.) Beautiful clear lilac of good size held rigidly erect on long, strong stems. One of the best true cactus. .75

NAGELS ORANGE — (Cac.) Bright, lively orange. A mass of medium sized flowers on long, wiry stems that keep well in water. 2.00

PINK SPIRAL—(Cac.) Beautiful peach pink of incurved form. Extra long, erect stems. Tall bushes and plenty of bloom. .50

RED FAVORITE—(S.C.) The good size flowers are of perfect form and a brilliant rich red in color. They are carried erect on long, strong stems. An excellent dahlia for the garden and unsurpassed for cutting. 1.00 Net

ROYAL AUVERGNE—(S.C.) A large French dahlia of deep amber with chrome-yellow sheen. Perfect stems and habit. .75

LITTLE SNOW QUEEN— (SC) A very free flowering pure white with perfectly formed, upright blooms on dandy stems. Unexcelled for cutting, exhibition or garden, 3 ft. .50

MARKET JEWEL—(S.C.) Rich velvety red. Free-flowering, dwarf habit. Excellent variety for garden and cut flowers. .75

MARJORIE EMBERSON— Neatly formed, compact little flowers with pointed petals. Color is a deep salmon pink shade. Long stems and erect flowers of extra good substance—a real gem for cutting, 3 ft. .35

Mrs. ISOBEL COUTTS—I think this has the sweetest colorings of any miniature yet seen. Cream color at base, suffusing off to, and heavily tipped with pearly pink. Of perfect form and extra fine stems, 3 ft. .50

TRAUDEL—A pure yellow Semi-cactus of the new dwarf growing, early flowering family of dahlias. A very bushy grower, less than 1½ ft. high and a very profuse bloomer. Is particularly adapted for landscaping. .75

Giant DECORATIVE Dahlias

BICOLOR—(FD) Bright orange-scarlet, heavily tipped with white. The plants flower with surprising freedom. Stems are very strong, hard and upright. Very showy, 4 ft. .50

DIRECTOR PLUMCOCO—Created a sensation in Europe, scoring 98% out of a possible 100 at the French Trial Grounds. Immense blooms erect on cane-like stems of a rich old gold tinted bronze. A prize winner. 2.50 Net

GOUVENEUR BAELS—(FD) A rich golden amber, suffusing to a bright salmon-scarlet on outer half of petals. Real large flowers are held rigidly erect at all times on long, cane-like stems. Excellent keeper when cut and free of bloom, 5 ft. Plants only .50

GRAND SOLEIL D'OR—(SC) Immense deep blooms of golden amber buff, tinted bronze, Extra free-flowering; ideal stems, 4 ft. .75

LEIDENS ORANGE—A most vivid and distinct orange-scarlet shade. Large and free-flowering. One of the best from Holland. 1.00

MARKET WHITE—Medium size decorative with tapering petals. Purest white and is wonderfully free, with flowers held at just the right angle on strong, erect stems. An ideal variety for cutting, 4 ft. .35

MOOI LIMBURG—(FD) Brilliant geranium red. Excellent form and growth with stout, erect stems. Showy garden plant, 4 ft. .50

MUNCHHAUSEN—(FD) A grand bi-colored dahlia. A beautiful shade of soft red, blending into pure white. Large and free, 3 ft. .50

NAGELS GIANT—A huge flower of old gold and copper, held proudly erect on long, stout stems. Compact growth. A new Belgian novelty for exhibition. Plants only 1.00

NAGELS SUPERB—(FD) Belgian dahlia of most unusual form. Long, narrow petals fold backward to the stem. The very deep, large flowers are a clear soft yellow, 4 ft. \$1.00

PHYLLIS KNIGHT—Of gigantic size on long stiff stems. Color is very pleasing, a blend of salmon and rose. 1.50

PIUS XI—Yellow, edged or tipped with pure white. Free flowering; long stems. .75

POSIE MORAVIE—(ID) Ivory white suffused with orchid. Very beautiful and attractive foreign variety of large size. It blooms very freely on erect stems, 3½ ft. .50

WHITE ABUNDANCE—(FD) A grand addition to the pure white sorts. Large, beautiful blooms on long, strong stems and produced in profusion. From Holland, 6ft. .50

YELLOW MARVEL—A large, free-flowering Holland variety of pure lemon yellow. Strong, healthy grower and good stems. .50

MINIATURE Decoratives

ALBERTE MAUMENE—(F.D.) A lovely, soft carmine, changing to white at tips. .75

BALDRE—A brilliant shade of rich salmon-rose. Very double, perfectly formed flowers on extra stout stems. A sturdy grower and constant bloomer. Gold Medal winner 3ft. .30

BOBBIE—A very neatly formed, small flower produced very freely on long upright, wiry stems. Color is orange buff with a darker base to each, slightly cupped petal, 3ft. .40

ELVIC—Low growing, bushy plants, having small, neatly formed flowers of distinct coloring—scarlet, edged and tipped white. Variable in its markings and therefore more interesting. Mass of bloom—always, 2½ ft. .50

FREDA—Rich, shining maroon—the darkest color in this type. Very double, flowers of perfect form on wiry, erect stems, that last exceptionally well on the bush or in bouquets. A healthy grower with many branches and blooms. A favorite with many, 3½ ft. .30

HADLEY—(F.D.) American Beauty red, resembling a Hadley rose in color and appearance. Early and free flowering. Fine stems. .75

HELLY BOUDEWYN—(D.) Throughout the whole season the robust plants are covered with medium sized white flowers of perfect form. Excellent keeper. .75

MARY DRURY—Perfectly formed little decorative of a very odd shade of rich crimson with violet suffusion; free and erect, 3 ft. .40

ONAH—Very double, neatly formed flowers of a pure golden buff color. A most profuse bloomer with strong, erect stems. An excellent sort for any purpose, 3ft. .30
ONAH reminds one of a miniature 'Jane Cowl'

PARK BEAUTY—Little blooms of perfect form and of a brilliant pure orange. A mass of blooms on erect, wiry stems. A wonderful variety for beds, etc., 2½ ft. .75

MINIATURE Peony-flowered Type

DAWN—Warm, bronzy buff with a rich scarlet base to each petal, forming a large disc, which is very effective for quite a distance. Blooms freely; stems are ideal. 4 ft. .30

NYDIA—Rich, deep glowing crimson. Strong, erect stems. Handsome, bronzy green foliage and one of the freest bloomers I have ever grown. Lasting cut flower 2½ ft. .60

IDA—(Small English Single type) An unusually attractive variety. A crimson red with every flower heavily tipped with golden yellow and perfect in form. Strong, healthy plants that bloom all season. Long, stiff stems. Very showy in a bouquet. .75

When the stock of roots of these varieties is exhausted, we will have extra strong, sturdy greenhouse grown Plants, ready about May the 10th. These plants will be carefully packed, and guaranteed to arrive in a 'ready to grow' condition, anywhere in the United States.
